22 April 59

MEMORANDUM FOR: Headquarters, USAF
AFIC-5 Room 4E 1085, The Pentagon

ATTENTION :

SUBJECT :

Extension of Tour -

1. [] will complete his present tour of duty with this organization on 18 November 1959 and is presently serving as Commanding Officer of the []. It is requested that the tour of duty for [] be extended to August 1960.

2. Current planning envisages numerous problems at the time of Major Welch's normal release date in support of a "follow-on" program plus the already complicated system which requires a multitude of contacts and irregular adjustments from the normal supply duties. Although [] is performing primarily in his AFSC 6416, he is accomplishing duties more associated with AFSC 0046, Staff Materiel Officer. Such duties include, but are not limited to, the areas of Supply Procurement, Transportation, Budgeting, Planning, and Programming. The experience being gained in this position is not only advantageous to the individual but also to the Air Force.

3. Since [] has three children in elementary school this extension is being requested to August 1960 rather than November 1960. This will permit an orderly move of his family during the summer months.

4. [] has indicated in writing his willingness to voluntarily accept this extension.
